Boys Returned To Mississippi LWV Meet

Two youths were turned over to Mississippi authorities after they waived extradition charges when they were nabbed from a wooded area near Slidell last night.

The youths who gave their ages as 15 and 16 years are charged with robbing Maskew's Service Station on Highway 90 at the intersection of Highway 43 of \$23 yesterday afternoon about 5:15 p. m.

J. W. Maskew, told authorities the robbery occurred while he and his wife were outside the station. He said they heard the cash register ring and looked up and saw 2 men get into a station wagon and go toward New Orleans. Maskew said he found the cash drawer open and the money missing.

He gave chase in his car to the Miss-La. line, but never spotted the station wagon, he said.

His report of the robbery launched a manhunt involving about 75 peace officers. New Orleans police set up road blocks into the City from the north and east.

St. Tammany deputies Edward Shilley and Edward Fogg spotted the station wagon on the outskirts of Slidell and stopped it to question the occupants. They said the two youths jumped out and fled into the woods.

Deputies from Washington and St. Tammany Parishes and members of the state police fanned the

area for the pair.

Deputies from the East Baton Rouge Sheriff's office arrived with bloodhounds which trailed the pair through the brush and brought them to bay.

Fogg said the youths admitted the robbery. They stole a car in Birmingham and drove to Florida where they abandoned it and stole the station wagon they said. One of the youths told the officers he had recently spent 11 months in an Alabama reformatory for car theft.

The Mississippi Highway Patrol cooperated in the manhunt by setting up roadblocks along highways east of New Orleans and in the Pearllington area.

CIRCLE 1 OF WSCS MET TUESDAY

Circle 1 of the WSCS of the Main Street Methodist Church met Tuesday at the home of Mrs. Tom Clapp with Mrs. J. H. Hirth and Mrs. Leon Ginn as co-hostesses. The program was presented by Mrs. T. T. Robin.

Officers elected for the coming year were Mrs. John Dicks, secretary; Mrs. E. C. Kimmel, treasurer; Mrs. A. M. Ellison, co-chairman, and Mrs. Paul Kimbrell, chairman.

The League of Women Voters of Bay St. Louis held its annual general meeting on Tuesday, April 18, at the Memorial Library. Mrs. John McDonald presided.

Reports were made by Mrs. Ashley Calogne, membership chairman, Mrs. Ted Robin, Finance; Mrs. Margaret Kern, Study Groups; Mrs. Paul Miller, Voters Service; Mrs. Richard Shadoin, Budget.

Mrs. E. C. Samuel read a report on some proposed traffic changes. This report will be amplified and a copy of it sent to the city and the county with a request for action.

Mrs. McDonald announced the biennial state conference would be held in Jackson on May 11-12. Mrs. Marguerite Kern will be the delegate from Bay St. Louis. The National Convention will be held in Chicago from April 30 to May 4. Our League will not send a delegate.

Projects for the coming year were discussed and it was decided that the league undertake to gather information relating to take city bond issue, so as to be more prepared to inform the public should this bond issue be brought up again, and also to seek information on the oil leases on sixteenth section lands.

Mrs. McDonald read her annual

Honor Father Fox

Four Bay St. Louis delegates were present Thursday night in Biloxi at a welcoming meeting and supper honoring Reverend Michael Fox as pastor of St. John's Parish, Biloxi.

Reverend Fox is well known in Bay St. Louis where he formerly was an assistant pastor at Our Lady of the Gulf Catholic Church. More than three hundred Knights representing the four Coast Councils were present.

Representing the Pere Le Duc Council of Bay St. Louis were Irving Fontemps, E. J. Marengo, Roland LaFontaine, Jr., and George Heitzmann.

report in which she pointed out the many ways in which the work of the League in the five years since its inception was now beginning to bear wonderful fruit. Among these accomplishments were the remarkable turnout of voters for the five elections held this year, condition of the polling lists, the cooperation of candidates with the League in answering the questionnaires, (and as a matter of interest she pointed out that each candidate who had answered the questionnaire had won the office he was seeking, and in other fields, the hiring of a night jailer by the county and the forums held under the auspices of the League to discuss the school amendment and the bond issue and reapportionment.

and Mrs. A. M. McIntosh of Georgia, announced the engagement of their daughter Bel-

lye to Mr. Leroy T. Noto of Bay St. Louis, Mississippi, son of Mr. and Mrs. Sam Noto. The wedding will take place at the Main Street Methodist Church on April 28.

92 Timber

ance Tax Collected
Hancock County

ation recently released by Mississippi Tax Commission that the timber severance tax collected \$352,548.25. The 1955 severance tax of the 1954 collections of \$228 by \$2,215.97, stated Forester Marion Parker.

Hancock County, the tax

collected in 1955 amounted to \$4,895.92 as against \$4,082.46 collected in 1954 for a decrease or increase of \$813.46. This tax has been disbursed, 1/3 to the State, and 2/3 to the county as provided by law. Also in 1955, approximately 7,833,000 board feet of timber products, 33,200 cords of pulpwood and 33,560 tons of distillate woods and barrels of gum turpentine were harvested from the forests of Hancock County stated Area Forester Parker.

Stennis Concerned Over Effects Of Farm Bill

Senator John Stennis in a statement on the Senate Floor expressed great concern over effects of the present agricultural program which cuts farmers' prices and acreage.

The Mississippi Senator said: "Veto of the Farm Bill by the President leaves us without new legislation so badly needed to assist our farm people. Our farmers are still faced with the most serious problem of our time. The reduction in acreage allotment amounting to over 40% in Mississippi during the last three years has seriously reduced farm income. Farmers are faced with competition and declining markets, depressed prices and increased costs of production. The fact that the President has vetoed the Farm Bill does not

eliminate or solves our problem."

He said, "In the case of cotton, our most serious problem is the scheduled reduction in acreage. Many of our farmers cannot possibly make a living under a program which reduces both volume and price. I believe the Senate should take a constructive approach to this problem and immediately pass new legislation to cope with the present situation. From standpoint of the welfare of our farmers, we must have leg-

islation that will prevent further reduction in acreage for 1957 and 1958 and provide for a national reserve of at least 100,000 acres to bring relief to the small farmer of four cotton acres or less. Both of these provisions were included in the farm bill vetoed by the President. Senator Stennis has reintroduced new bills for cotton acreage and has urged speedy passage.

He pointed out that cotton planting was already well under way and that soil bank legislation could not be enacted in time to give our farmers any assistance during the crop year of 1956. He did, how-

ever urge the Senate to reconsider planted crops and to the 1957 crop. Senator Stennis has also made statements this week before the Senate Agricultural Subcommittee of the Appropriations Committee, of which he is a member, strongly recommending increased funds for agricultural research, agricultural extension service, soil conservation service, and forestry service. Senator Stennis strongly feels that these programs are sound and necessary if we are to have strong and prosperous agriculture.

Past cars and disability insurance somehow go together.

PREVENT FOREST FIRES!Fight Cancer—
A Deadly Killer

Hancock Countians helped save lives last year.

They didn't do it by jerking someone from the path of a speeding automobile or by carrying a person from a burning building. The people of Hancock County saved lives last year by donating to the American Cancer Society's annual Crusade for Funds.

Because of the support of the people of Hancock County the American Cancer Society had funds to help indigent cancer patients in this county last year. The American Cancer Society Mississippi Division gave help to 4 new cancer cases in Hancock county last year. It paid for 6 follow-up visits on other patients. Still other people, whose disease had progressed too far to be helped by medical treatment, received dressings, drugs and sick room supplies from the Hancock county cancer unit.

These funds were available to help those needy cancer victims because of the generosity of the people of Hancock county during last year's campaign.

Another Cancer Crusade for Funds is now in progress. The needs of the Society are even greater than last year. Present statistics show that one in every four persons will someday contract cancer. In the community of 5,000 population, 22 people have cancer. Of these people, seven will die. Three people will be saved from cancer.

One third of the people who die with cancer today could be saved.

The American Cancer Society has as its goal the saving of every possible life from cancer. The Society carries on a constant education program to reach every Mississippian with life saving facts about the nation's number two killer.

The American Cancer Society also conducts an extensive service program. It furnishes dressings, drugs, and sick room supplies to terminal cancer patients. It refers patients to tumor clinics for treatment, pays hospitalization, transportation and drug bills.

The people of Hancock County saved lives last year. They can help save more lives this year by contributing to the April Cancer Crusade.

NOTICE TO CREDITORS

Letters testamentary on the Estate of Joseph T. Scott, Jr., deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 12 day of April, A. D., 1956 and therefore, notice is hereby given requiring all persons having claims against said estate to have same probated and registered by the Clerk of said Court within six months from this date, and failure to so probate and register same in six months will bar the claim.

NEW REC OFFICERS

Mr. Smith, Mr. Wise, Mr. Gresham

The three men above will lead the Mississippi Economic Council as general officers for the 6th beginning May 1. They were elected at a meeting of the board of directors on the eve of the 25th annual meeting. Fred B. Smith, left, Ripley attorney, was automatically elevated to the presidency from vice-president, succeeding Gerard H. Brandon of Natchez. J. D. Wise, executive vice-president of the Bank of Hazlehurst, Hazlehurst, was elected vice-president, and will automatically succeed to the presidency in 1957. W. W. Gresham, president of Gresham Service Stations, Inc., Anola, was elected treasurer, succeeding H. K. Griffin, vice-president of the Mississippi Valley Co., Meridian.

will soon become non-existent for any legislative or executive functions are concerned.

A number of us are very much disturbed about this. And Congressman Howard Smith of Virginia and I in the House are sponsoring legislation which would simply provide that no act of Congress shall be construed as indicating an intent on the part of Congress to occupy the field in which special acts operate, to the exclusion of all state laws on the same subject matter, unless such act contains an express provision to that effect. A similar bill is being sponsored by a dozen Senators in that body.

While little publicity is given of this proposed legislation, it may be truthfully stated that it has more states' rights potentially than any legislation which it is possible to pass at this time. This is due to the fact that the attorney generals of most of the states of the Union, as well as students of government from all sections of the country, are vitally interested in its passage.

COUNTY AGENT'S NOTES

BY HOWARD P. SIMMONS
Hancock County Agent

CLOVER MANAGEMENT

Occasionally during the existence of this young Republic there have been attempts at abuse of this objective, but always there were the legislative branch—the Congress—and the Court to offset this intrusion.

More than a decade ago the President set out to stack the Supreme Court, which at that time was made up of "nine old men," all eminent lawyers and students of the Constitution. He publicly stated that he wanted a Court of liberal thought (a court that would go along with his "progressive thinking"). The Congress—the representative of the people—refused to give him the requested legislation authorizing this objective. Thus a check was temporarily placed upon the executive by the legislative branch of the Government. However, death and retirement gave both Presidents Roosevelt and Truman the necessary weapon, and today we have a stacked Court.

For the past several years this new Court has gradually shown its colors with precedent-shattering decisions. The school segregation decision was, of course, an astounding illustration of the invasion of the legislative field; the Congress has repeatedly refused to enact legislation in the matter of Civil Rights.

Recently this "progressive" court has further shown its colors in two decisions handed down in rapid succession. It held the State of Pennsylvania had no right to convict and sentence a traitor to this country under the Pennsylvania Sedition Laws. While 46 other states have similar laws, the Court held that this was the exclusive jurisdiction of the Federal Court under the Smith Act passed by Congress a few years ago. Then a few days later the Court held that New York City did not have authority to fire an alleged Communist professor who had pleaded the Fifth amendment when asked about his Communist activities.

All this adds up to the fact that if the Court is permitted to ride herd unchecked, the states

will soon become non-existent for any legislative or executive functions are concerned.

WORLD'S CHAMPION CORN GROWER IS ATTEMPTING TO BETTER OWN RECORD

Lamar Ratliff, (center) World's Champion Corn Grower from Prentiss County, Mississippi, shown with W. T. Smith, County Agent of Booneville, (right) and his father Paul Ratliff, (left). Lamar, his father and his County Agents are already making plans to better his last year's record of 304 bushels with Funk's G-711 on a measured acre.

Plots such as this and efforts by everyone concerned are helping to increase yields in Mississippi and bringing more income to the farmers and those businesses dependent upon farmers. Also, everyone is again planning to enter the Five-Acre Corn Contest, and this, too, helps the corn production in Mississippi.

Delinquent Child? -- Delinquent Home

By J. Edgar Hoover, Director, Federal Bureau of Investigation

SOME TIME ago a juvenile "crime club" was broken up on the West Coast. Its members ranged from 9 to 15 years old. They admitted picking pockets, shoplifting, burglarizing, and other crimes.

Five of the twelve boys had parents who both worked full-time. Two of the other boys had been deserted by their mother, and were in a housekeeper's charge while their father worked all day. Another came from a broken home; his mother worked all day to support her children. Neglected at home, all these boys fell into Hoover

THIS STORY, and many like it, shows that we need sound family life, family prayer and religious instruction, to solve our growing juvenile delinquency problem. Children aren't born criminals—they become criminals.

A wholesome family life is of primary importance in the child's early environment. A happy home, glowing with love of God, provides a healthy atmosphere for the child. Every

and kerosene outdoors at least 40 feet from any building (in accordance with National Fire Protection Association standard for Farm Storage of Flammable Liquids?)

OUR STATE

GOVERNOR'S MANSION

Built by the State in 1842 to be the official residence of the Chief Executive. Of simple classic design it has played an important part in the history of the state. The Mansion has at various times been enlarged and the grounds beautified and has become a historical landmark in Jackson.

Cultivate a friendly understanding with your bank. We are anxious to know all worthy people in our community, in order that we may serve them better.

CONGRESSIONAL SIDELIGHTS

by

CONGRESSIONAL WRITER

FOUNDING FATHERS WHO WROTE CONSTITUTION OF THE UNITED STATES

PROVIDED THAT THE GOVERNMENT SHOULD BE DIVIDED INTO

three separate distinct branches, the executive, the legislative and the judicial. Seeking above everything else freedom from oppression of Government, which was the motivating thought that brought them to this country, these wise men sought to place checks and balances so that no one man or set of men could control the lives, destiny and the freedom of

the people.

Occasionally during the existence of this young Republic there have been attempts at abuse of this objective, but always there were the legislative branch—the Congress—and the Court to offset this intrusion.

More than a decade ago the President set out to stack the Supreme Court, which at that time was made up of "nine old men," all eminent lawyers and students of the Constitution. He publicly stated that he wanted a Court of liberal thought (a court that would go along with his "progressive thinking"). The Congress—the representative of the people—refused to give him the requested legislation authorizing this objective. Thus a check was temporarily placed upon the executive by the legislative branch of the Government. However, death and retirement gave both Presidents Roosevelt and Truman the necessary weapon, and today we have a stacked Court.

For the past several years this new Court has gradually shown its colors with precedent-shattering decisions. The school segregation decision was, of course, an astounding illustration of the invasion of the legislative field; the Congress has repeatedly refused to enact legislation in the matter of Civil Rights.

Recently this "progressive" court has further shown its colors in two decisions handed down in rapid succession. It held the State of Pennsylvania had no right to convict and sentence a traitor to this country under the Pennsylvania Sedition Laws. While 46 other states have similar laws, the Court held that this was the exclusive jurisdiction of the Federal Court under the Smith Act passed by Congress a few years ago. Then a few days later the Court held that New York City did not have authority to fire an alleged Communist professor who had pleaded the Fifth amendment when asked about his Communist activities.

All this adds up to the fact that if the Court is permitted to ride herd unchecked, the states

will soon become non-existent for any legislative or executive functions are concerned.
